# TORPEDO SENDS ANOTHER U. S. SHIP IN ZONE OF SINKING OF LUSITANIA

## REPORTS OF CAPTAIN OF THE NEBRASKAN AND OF THE BRITISH ADMIRALTY

### THE CAPTAIN'S REPORT.

Capt. J. S. Green of the steamship Nebraskan sent to-day by wireless to Liverpool and by cable from that point the following message to the offices of the American-Hawaiian Line in this city:

"Struck by either mine or torpedo forty-eight miles west of Fastnet. Am steaming under convoy to Liverpool. Water in lower hold. No one injured. GREEN."

### BRITISH ADMIRALTY REPORT.

WASHINGTON, May 26.—Consul General Skinner, stationed at London, notified the State Department at 10 o'clock to-day of the Nebraskan incident in the following cablegram:

"Admiralty reports American steamer Nebraskan, Liverpool for Delaware Breakwater, torpedoed forty miles south by west Fastnet. Crew and boats standing by. Weather fine. No direct reports."

## 78 PASSENGERS TAKEN OFF STEAMER HIT BY FREIGHTER NEAR NANTUCKET SHOALS

### Ryndam and the Joseph J. Cuneo, With Which She Was in Collision, Make for New York Convoyed by Three Warships.

The Holland-America liner Ryndam, with seventy-eight passengers and a million dollars' worth of merchandise aboard, was ramméd in a thick fog off Nantucket at 3.30 o'clock this morning by the fruit freighter Joseph J. Cuneo, bound to Baracoa, Cuba, from Boston.

The fifth hold of the liner immediately filled with water. Much water also rushed into the sixth hold and the engine room. The passengers and 178 of the Ryndam's crew of 200 were immediately ordered into the boats by Capt. Van den Heuvel and transferred to the Cuneo with the mails. The bow of the fruiter was crushed and she was leaking seriously.

Wireless calls reached the vessels of the United States battleship fleet which have been in the war game off the New England coast. The South Carolina, Texas and Louisiana were soon alongside the injured ships. The passengers of the Ryndam were transferred to the South Carolina.

The Ryndam under her own steam headed for New York at thirteen knots an hour, accompanied by the Cuneo and the three war vessels. At 9 o'clock the captain reported that he had closed the engine room bulkheads and pumped it clear of water, but that the leak into the sixth hold was gaining on him.

A wireless message said that the Ryndam was seventy-four miles east of Ambrose Channel lightship at 2 o'clock this afternoon. This would bring her in New York harbor before 5 o'clock to-night, should she not make her speed of thirteen knots.

A fleet of tugs was chartered to raise the damaged ship into port. The Ryndam reported at 4 o'clock that the water in her sixth hold was still gaining, but the engine room bulkheads had been closed and the water pumped out, so that he was able to make for New York at this time knots an hour.

Satisfactory reports as to the condition of the Cuneo were not forthcoming. It was not known in shipping circles whether the fruiter was equipped with a long distance wireless.

There was no great sea running and the transfers of passengers and crew had been easy. A mild southwest breeze had brought up the fog which caused the collision.

Mrs. Martin Holly, one of the Ryndam's passengers, lives at 20 West Eighty-seventh street. She is an automobile driver and went aboard to make arrangements for supplying the Ryndam with provisions.

Dr. Frederick L. Marshall is an official in a short time ago collector of Internal Revenue for the Third district. He was succeeded by Mrs. C. W. Hooper, a Democrat. For Marshall is an organization Republican.
